

October 2009

Disability Rights Montana (DRM) is recruiting for three new board members and three PAIMI AC members. DRM is a private, nonprofit organization that is governed by a volunteer Board of Directors. DRM is a civil rights organization that provides advocacy and legal representation to Montanans with disabilities. The majority of the members of the Board is required to be representative of its constituents and, therefore, must be people with disabilities or family members of people with disabilities. DRM is a values driven organization and is interested in recruiting people that share the values of dignity, equality, and self-determination. For more information, [click here for the Overview of the Board of Directors](#). [Click here for the Application for the Board of Directors](#).

DRM is also recruiting for additional members for its Protection and Advocacy for Individuals with Mental Illness Advisory Council (PAIMI AC). The PAIMI AC provides independent advice and recommendations to DRM and works jointly with the Board of Directors in the development of the PAIMI policies and priorities. [Click here for the Application and description of the PAIMI AC](#).

If you are interested in applying for a position on either the Board of Directors or PAIMI AC, please fill out and return the Application and Values Inquiry. [Click here to see who is presently on our Board and PAIMI AC](#). For further information please call DRM at 1-800-245-4743 and ask to speak to Bernie Franks-Ongoy, Executive Director.
